Loading Table
Tray & Trolley Return System

BAVEL CONSULTING

The loading table is a key component of the Tray and Trolley Return System that facilitates parallel loading on manual security lanes, leading to a significant increase in capacity and throughput. This feature enables multiple passengers to divest simultaneously, enabling faster passengers to overtake slower ones.

Highlights

- Modular units can be added and removed easily unlocking capacity in stages

- Continuous tray feed due to gravity-system

- No power consumption

- Separators make each position clearly visible

- Simple locking system for connecting multiple tables

Technical Information

Dimensions	1200(L) x 820(W) x 820(H) [mm]
Weight	77kg +/- 0.5kg
Rollers	Manual & Gravity
Material	Aluminium framing & HPL Board
Colour	Customisable vinyl
Tray Capacity	84 Trays (600 x 400 [mm] trays)
Interface	Transfer Trolley, Security Tray
